

# Plasmid information

XS Xiuyi Song RX Ruoming Xu TS Tomoyasu Sugiyama

Updated date: Nov 29, 2021

 An abbreviated version of this protocol was published in microPublication Biology in Aug 2021  
Two plasmid modules for introducing the auxin-inducible degron into the fission yeast *Schizosaccharomyces pombe* by PCR-based gene targeting  
DOI: 10.17912/micropub.biology.000442

## Detailed protocol

Attached are the files containing the information of the plasmids that we described in our microPublication Biology article (DOI: [10.17912/micropub.biology.000442](https://doi.org/10.17912/micropub.biology.000442)).
